Potential competing interests: No potential competing interests to declare.

The manuscript is too short and the below missing sections should be added to provide more insights regarding the novelties and contributions of the work.

- 1- Please extend the Literature Review and open a new section for 'Novelties and Contributions'
- 2- Adding a Taxonomy Table is recommended to highlight the importance and novelties of this work.
- 3- There is no mathematical model for the presented work. Hence, without that, it is not possible to conclude the work, assumptions and area of implementation.
