Caulophyllum thalictroides Root

National Cancer Institute

Source

National Cancer Institute. *Caulophyllum thalictroides Root*. NCI Thesaurus. Code C72494.

A herbal remedy derived from the root of the perennial flowering plant *Caulophyllum thalictroides* grown in the eastern North America. Blue cohosh root contains a variety of compounds, including the alkaloid N-methylcytisine and the saponin caulosaponin. Blue Cohosh is typically in the form of a tincture or a decoction.
