**Potential competing interests:** No potential competing interests to declare.

The manuscript entitled "Sacred Plants and Their Miraculous or Healing Properties" is a very interesting compilation.

The manuscript is well written and organized.

A very consistent bibliographic survey.

Some typographical errors during work, which need to be corrected.

ABSTRACT is too long. It needs to be more concise.

I suggest a complete review of botanical names and species.

After that, the manuscript becomes interesting and can be accepted for publication.
