Potential competing interests: No potential competing interests to declare.

The topic of a sustainable eco-system for entrepreneurship is interesting. The article also presents a specific view on this topic.

The structure of the work has a logical sequence.

What could be improved?

1. The literature review on this topic needs enrichment. Relatively new posts affected without demonstrating these trend over some time frame.
2. The same note applies to section 2.2.
3. The conceptualization part is well constructed, but requires the presence of analytical elements, not only narrative ones.
4. It is not clear whether figure 2 is the author's work or an adapted one
5. The discussion part could be more detailed, although the main opinions are marked
