

Review of: "[Commentary] SBRT (Stereotactic Body Radiotherapy) in Recurrent Head Neck Cancer - Boon or Bane?"

Raffaele Addeo

Potential competing interests: No potential competing interests to declare.

The text is clear and simple to read even for non-experts. The topic is interesting and intriguing. This is a well-written text and a well-done review of current data. However, it is necessary to consider in the commentary the opportunity to obtain new data on this therapeutic option. On this way, we must consider the results of two clinical phase III trials
