

Review of: "Effect of Employees' Commitment on Customer Satisfaction of Banks in Africa"

Tichaona Musikavanhu

Potential competing interests: No potential competing interests to declare.

It takes a lot of effort to collaborate and write a meaningful paper. Well done. I suggest you send the paper for proofreading or use Grammarly, it can pick some of the glaring grammar errors. Some parts of the methodology are written in future tense, while others in past tense, kindly correct this. Your reference list formatting should be the same, e.g. use & or and through out.
