Dear authors,

Your manuscript on beverage consumption among secondary and middle school students is fascinating and well done. The authors have done an excellent job, it is an easy-to-read article. I have some comments, but no major changes are suggested. but there are some remarks.

In the introduction, the problem must be clearly identified.

The conclusion must be ended by the limits of this study and the prospects.

cite these recent studies in the discussion to improve your work (<https://doi.org/10.1051/e3sconf/202131901022>)

I recommend publishing this article after corrections.
