

Review of: "“A totally new situation that put us into uncharted waters”: Preschool teachers negotiate their professional identity in respect to online learning during the Covid-19 lockdowns in Greece."

Ebtsam Abou Hashish

Potential competing interests: No potential competing interests to declare.

It is a well written, organized paper that contributes to significant research in education

consider the following comments:

Do not start sentences with number 18

Update the reference as much as possible in the introduction section

Under methods:

Specify research design

Study setting

Type of sample

Inclusion criteria for those selected for the interview

Describe how you maintain the academic rigor and trustworthiness

Under finding

Recommend to start with the theme then adding the abstract evidence as quotation

Discussion section

Need more elaboration on the related studies and update the old reference
