

Review of: "Measuring the efficacy of a vaccine during an epidemic"

Parthasakha Das

Potential competing interests: No potential competing interests to declare.

Authors have measured the efficacy of a vaccine during an epidemic. This manuscript might draw reader's attention.

Before recommend for publication, I would suggest a few points as follows:

1. Authors must correct the alignment of the paragraph in the manuscript.
2. Authors might add a few numerical analysis.
3. Authors might cite a few articles for betterment of introduction part like, 10.1007/s11071-021-06517-w; 10.1007/s11071-021-06324-3; 10.1007/s11071-021-06262-0; 10.1016/j.chaos.2021.110789; 10.1063/5.0025510; 10.1016/j.chaos.2020.109806.
