

# Review of: "Food and Feeding of Atlantic Mudskipper *Periophthalmus Barbarus* in Ogbo-Okolo Mangrove Forest of Santa Barbara River, Bayelsa State Niger Delta, Nigeria"

Rafael Schroeder

Potential competing interests: No potential competing interests to declare.

The author made an interesting study about the food and feeding of the Atlantic mudskipper *Periophthalmus barbatus*. In general, there are parts of the manuscript that are well referenced, but others that lack references to support. There are several punctuation and writing revisions to do. I've marked them all in a PDF file. See attached.
