Thank you for giving me this opportunity, and i apologize for the late response.

some minor things to be adjusted.

overall, the study shed a light regarding their community for futuristic plans and infection control protocols, this should be mentioned.

the sample size, how they chose them, and did they include patient companions not clear, also the questionnaire seems not available (material).

table 3 result not included!!

References should be added in discussion paragraphs.

need all variables of the questionnaire to be analyzed and mentioned.
