# Review of: "Evaluation of Antidiabetic Potential of *Gymnema Sylvestre* and Metformin Combination in Streptozotocin-Induced Diabetic Rats"

Sukumaran Gayatri<sup>1</sup>

1. Sri Ramachandra Institute of Higher Education and Research, Porur, India

The work discusses the antidiabetic activity of the plant combined with metformin in a streptozotocin-induced diabetic rat model.

The plant name should be given in italics *Gymnema Sylvestre*.

The work does not describe the procedure for the preparation of the plant extract. Even the solvent used for the extract is not mentioned.

*The discussion part can be given in text, not with bulleted points.*

*The figures should be given properly and explained.*
