**Potential competing interests:** No potential competing interests to declare.

The study represents an interesting analysis of Italian cruise tourism based on the literature. The following comments could help you to improve it:

1. In section 3, "Tourism and Sustainability," remove the link from the text and add it to the references list.
2. What is the difference between section 4, "Sustainability in Cruise Tourism," and 5, "Cruise Tourism and Its Sustainability"? In 5, "Cruise Tourism and Its Sustainability," the authors just analysed the cruise tourism.
