

Review of: "Empowering Minds: The Evolution of Higher Education in Tamil Nadu towards Innovation and Excellence"

Anh Tuan Hoang

Potential competing interests: No potential competing interests to declare.

The paper needs a lot more references, with proper citation style such as APA or Harvard, or according to Qeios standards. Furthermore, the paper does not indicate any data, either qualitative or quantitative, to further the claims of the authors. The research questions are also ambiguous that hinders the reading clarity for readers.
