Review of: "Revisiting Enron twenty years later: Eight executive blind spots worth remembering"

Adewale Adekiya

Potential competing interests: No potential competing interests to declare.

The research article is quite interesting and covers a lot regarding the issue of corporate governance and responsibility. It takes a comprehensive approach in analyzing the potential influence that organizational culture could have on an organizational bottom-line and how cultural artifacts can be utilized by business leaders for long term business sustainability of the organization. In sum, corporate leaders who takes delight in emphasizing the importance of long terms business sustainability over short term profitability has a lot to gain by embracing the adoption of this article as a hand-book.
