## Reviewer's Comments

Dear Editor,

The reviewer is highly thankful to the Editors for providing me an opportunity to assess this submission. The entire manuscript is well designed and written, but it requires some modifications that are given below:

**Comment 1.** There are many very basic writing errors and grammatical problems in the entire manuscript.

**Comment 3.** In the Introduction section, authors should incorporate the latest information about COVID.

**Comment 3.** Define or state all short forms used throughout the manuscript. What are they? Abbreviations should be avoided in the Abstract section.

**Comment 4.** The author needs to write the text around the section titled "Perspective" of this manuscript.

**Comment 5.** The authors are suggested to incorporate some latest references, including
