

# Review of: "Digital Skills and Learning in Tanzania Secondary Schools: Students and Teachers' Influence"

Victoria Odegwo

Potential competing interests: No potential competing interests to declare.

The work is catching, the English is well-articulated. I suggest that at the beginning of the work, the researcher write more about digital tools and the digital skills required for teaching and Learning. Add Android devices as a digital tool not only smartphones. Android and Smartphones are different.

Thanks so much.
