Dear Gabri

thank you for the high trust you have placed in us by sending the article for the purpose of evaluating it.

- The article is pretty good.... But there are some corrections and modifications to the study hypotheses:
- Adjusts hypothesis and 5 which is
-
- **H₀5:** There is no significant difference in the pretest scores of the experimental group and the posttest scores of the control group.

Hypothesis after modification

o **H₀ 5 :** There is no statistically significant difference between the pre-test scores of the experimental group and the pre-test scores of the control group.

- **H₀6:** There is no significant difference in the pretest scores of the control group and the posttest scores of the experimental group.

Hypothesis after modification

- **H₀6::** There is no statistically significant difference between the posttest scores of the experimental group and the posttest scores of the control group.

Table 5 is modified according to the null hypothesis
