The article "Incidence risk of major reproductive disorders of dairy cows and cow-level risk factors in Wolaita Sodo town, southern Ethiopia" is well written.

1. The paper clearly points out problems in cow reproduction.
2. In the key words, only the technical words should be written.
3. Various risk factors have been covered clearly.
4. The discussion part is well written and elaborate. The findings of the authors of the article in relation to the findings of other workers are well presented.
5. The references to Berglund et al 2003, Peter 2000, and Steinbock et al 2003 are not there in the main article. Kindly delete them if they are extra.
6. The article may be accepted.
