It is an interesting topic. The following points are intended to improve it:

The literature review should be updated. A number of recent articles related to years 2020 to 2024 should be consulted.

Greater detail is needed for the data analysis procedure, and some explanations can be added about the way to establish rigor in the study.

For tabulating results, some tables can be used, and the authors may depict what they have obtained in some figures to make the results more tangible to readers.
