**Potential competing interests:** No potential competing interests to declare.

The following should be noted and corrected accordingly:

1. How practicable is your proposed model in real-time?
2. Is it cost-efficient?
3. Grammar requires minor re-editing
4. What are the limitations of the study?
5. Section 2 should be a Literature Review
6. What is the future scope of the study?
7. Consider this related paper "Vloud Data Encryption and Authentication Based on Enhanced Merkle Hash Tree Method" for better comprehension
