

# Review of: "The Integrated Metatheoretical Model of Addiction: Towards an Architectonic of a Metatheory of Addiction"

Kshitij Karki

**Potential competing interests:** The author(s) declared that no potential competing interests exist.

It is a nicely presented and intensive review of the literature for an integrated metatheoretical model of addiction. It will definitely aware authors of different theories and meta-theories on addiction. I would suggest that the authors could include the methods of literature review, documentation/analysis and presentation.
