The article is exceptionally captivating and expertly written. The authors have adeptly explained and justified all the data in a clear manner, presenting a novel perspective on Competitiveness through Corporate Social Responsibility in Zimbabwe. Nevertheless, there are a few issues that require attention.

In the final section of the introduction, you should outline the paper's objectives and purpose.

The methodology employed needs to be thoroughly described.

In Hypothesis 4, where the authors referred to "*numerous studies*," it is important to cite the specific authors related to those studies for clarity.

Include the details about the survey data accessed via SurveyMonkey.

Regarding the sentence "organizational position comprised," the first word is spelled correctly.

The authors should provide a list of the acronyms used in the paper for reference.

Continue with your excellent work!

Thank you very much.
