

Review of: "Overcoming Barriers: Enhancing Women's Access to Financial Services for Agribusiness in Uganda – An Empirical Review"

Melsew Nibret Mazengiya

Potential competing interests: No potential competing interests to declare.

Under the abstract section, it is good, but please provide the justification associated with your title.

In the Introduction section, it sounds alike, but provide the gaps in previously conducted research.

In the Literature section, it is good and sound-able, but it lacks a theoretical review, and the empirical review looks shallow associated with your title.
