

# Review of: "The Role of Financial Literacy on Sustainable Development of Micro, Small and Medium Enterprises (MSMEs) in Africa"

Budi Sukardi

Potential competing interests: No potential competing interests to declare.

1. The abstract explains the novelty and research methods.
2. In the sub-conclusion, provide direction for contributing research results and suggestions for further researchers in developing research models.
3. Strengthening references and research support by using references from contemporary researchers to support research results.
