Potential competing interests: No potential competing interests to declare.

1. The Abstract section should be rewritten and polished.
2. Keywords should be abbreviated (one or two words maximum).
3. English language should be polished and revised.
4. Kindly use scientific expressions. I see some non-scientific expressions like pool, etc
5. Figure 1 should be replaced.
6. The resolution of figures 12-21 should be polished and revised.
