Thank you for the invitation to review this article!

- Great effort; the article is well-written and raises some interesting points.
- However, a more thorough literature search with the inclusion of more relevant articles would improve it further.
- The introduction section needs elaboration and the addition of more references.
- Please see the following systematic review for further guidance:<https://link.springer.com/article/10.1007/s10792-021-01996-7>
