

Review of: "A Case Report of Situs Inversus Totalis With Ventricular Septal Defect: Flipped Physiology"

Ruchit Patel

Potential competing interests: No potential competing interests to declare.

Though Situs Inversus with Dextrocardia and ventricular septal defect is a rare cardiac anomaly, you have well described the diagnosis and also provided information about how to operate for this.

But, this article doesn't provide novelty to the literature.

Reference no. 2 is repeated. No need to repeat.
