Potential competing interests: No potential competing interests to declare.

The manuscript is acceptable with minor revision

1. Please check whole manuscript well and correct the shape specially the Reference section
- 2- The information on the chemical constituents is too small. More information is needed.
- 3- In the antidiabetic activity, the author has mentioned the activity of this plant in rats, dogs, and rabbits, while in this study the antidiabetic activity has been discussed on rats only , Please add your studies on dogs and rabbits.
