The Role of Think Tanks in Megatrends Analysis and Future Research

1. Purpose/objectives: The purpose of this paper should be formulated more clearly. "Improvement" and "understanding" are subjective and ambiguous terms and cannot be considered as objectives.

The authors have mentioned:

"This paper aims to explore the interconnection between megatrends analysis, future research, and the role of think tanks."

"The main objective of this paper is to improve the understanding of the dynamic discussion around megatrends, as well as the essential characteristics of future research. Additionally, the paper seeks to highlight the contributions of think tanks in fostering future literacy and conceptual frameworks addressing major challenges for humanity."

1. Theoretical Foundation: The paper seems like a report rather than a scholarly work. Some theoretical foundation and intellectualization are needed.
2. Approach/Methods: Readers will benefit from an explanation of the approach/methods.
3. Conceptual Framework: The paper may need to rely on a conceptual framework to analyze, classify, and differentiate different types of think tanks.
4. Organization of text: The authors may structure
5. Findings and Contributions: The authors may present their findings and contributions more clearly.
6. Style: Some redundancy can be avoided.
