

Review of: "Captive breeding and larval rearing of the endemic ornamental fish Moustached Danio, *Danio dangila* (Hamilton, 1822) – First report"

Érika Marques

Potential competing interests: No potential competing interests to declare.

Topic	Paragraph	Comments
Abstract	1	Northeast Indian region
Introduction	1	contributing with 11.6% ... Northeast India
Introduction	3	Although Northeast India
Materials and Methods	1	situated at ICAR-Research Complex for Northeast Hilly region
Materials and Methods	2	Velon screen (10 mm mesh) made hapas (30 cm X 30 cm x 30 cm) were fixed in 20 aquarium tanks 60 cm x 30 cm x 45 cm; L x B x H)
Materials and Methods	3	using an insulated syringe (1.0 mL, Terumo U40)
Materials and Methods	Table 1	Centralize the columns of the table
Results and Discussion	Table 3	Centralize the columns of the table
Results and Discussion	Table 4	Centralize the columns of the table
