The manuscript [Valorization of Palm Oil Wastes into Oyster Mushrooms (*Pleurotus* HK-37) and Biogas Production] is well written; the contents are complete. However, a few minor edits should be considered:

- Define abbreviations for the first time
- Add recent references
- There are some grammatical mistakes, check throughout manuscript
- Make consistent style and data in all the tables
- Make consistent style for all formula
- Add an error bar to the graphs in the results
