

Review of: "[Review] Early Real-World Evidence on the Relative SARS-CoV-2 Vaccine Effectiveness of Bivalent COVID-19 Booster Doses: a Narrative Review"

Saeed Reza Hormozi Jangi

Potential competing interests: No potential competing interests to declare.

The manuscript provides useful information about the synergistic effect of SARS-CoV-2 by emphasizing on the real-world evidence. However, the manuscript needs to be improved. some comments are below;

- 1.The introduction should be improved and the most related reports should be cited in this part.
- 2.The importance of this topic should be discussed at the end of the introduction and in Abstract.
3. Keywords are not suitable.
4. Keyfindings should be included the most important findings and this section should be revised.
5. Conclusion part should be reduced.
