1. Abstract needs minor improvement. Let it flow for better understanding and for high visibility of your paper after publication.

2. What is the major contribution to knowledge? What did you achieve on **Measuring the harms of psychotropic substance use and poly-use in the nightlife scene: a pilot application of poly-drug use indicators on Italian data collected within the ALAMA study**?

3. Contribution to knowledge, discussion of results and technical content of this work need drastic improvement.

4. What is the novelty in this research work? Please highlight them.

5. Insert the source or reference for the tables and figures that is not from you

6. Figures and plates must be referred to in the text before inserting them.

7. Please rephrase part of your work to reduce the similarity index /plagiarism.

8. Discuss your results in line with your objectives and literature review

9. Avoid general statements in your conclusion. Let us know cogent conclusion, inferences and contribution to knowledge.

10. Add recommendations instead of suggestions

11. Proof read your work properly. Remove all grammatical and editorial errors. All equations, figures and plates must be checked.

12. Kindly recheck that all references are properly cited and listed. Add more recent references from 2020-2023.
