

Review of: "The Role of Green Legacy in Promoting Sustainable Development and Combating Climate Change"

Upaka Rathnayake

Potential competing interests: No potential competing interests to declare.

This manuscript has some fundamental issues in structuring. Please read few papers in scientific journals and understand the writing pattern.

1. Abstract is long. Try to reduce it to 300 words.
2. Combine LR to introduction and rearrange the introduction to showcase the research gap in the last paragraph.
3. Results and discussion section is poor. You need to discuss the results.
4. Need more related work in references.
