## **Review Report**

Article Title: Bent functions and strongly regular graphs.

Recommendation to The Editor: **Revisions required.**

The results presented in this paper are very good and will be very useful for researchers who want to find some other significance for "Bent Functions".

**Do** the following corrections;

In **Introduction**,

- Replace the sentence "In [4][5] it is given a..." by "In [4][5], given a ...".

In **Sections**,

- Give an example for definitions 3.1 and 5.1.
- Add some recent research papers in References.
