# Splenic Diffuse Red Pulp Small B-Cell Lymphoma

National Cancer Institute

## Source

National Cancer Institute. *Splenic Diffuse Red Pulp Small B-Cell Lymphoma*. NCI Thesaurus. Code C80309.

An uncommon, indolent B-cell non-Hodgkin lymphoma composed of small B-lymphocytes involving the red pulp of the spleen, bone marrow, and peripheral blood. Patients often have massive splenomegaly. The peripheral blood examination reveals villous lymphocytes.
