Potential competing interests: No potential competing interests to declare.

1. The title of this paper is too long (needs revision)
2. The abstract should include objectives, methods of the study, results, and discussion
3. The format of the paper is not justified, with typographical errors, and the map is in the Vietnamese language
4. The author should explain how the level of vulnerability was divided into 3 (the characteristics of each level)
5. Should the result be presented in a map?
6. The author should explain the methods used in detail
