

Review of: "An Investigation of The Phytochemical Richness of Fresh *Musa Paradisiaca* L. (Plantain) Stem Juice and Its Anticonvulsant Potential on Pentylenetetrazole (Ptz)-Challenged Rats"

Rishipathak Dinesh

Potential competing interests: No potential competing interests to declare.

The work reported is significant and worth publishing after addressing following minor points

1. LD50 is not mentioned for the stem juice
2. Confirm the dose of diazepam once again is it 2 or 4 mg/Kg
3. Elaborate how PTZ induces the convulsions
4. Confirm the dose of PTZ 80 or 85 mg/Kg
5. Explain why 50, 75,100 % dose are selected
