Central Nervous System Histiocytic and Dendritic Cell Neoplasm

National Cancer Institute

Source

National Cancer Institute. *Central Nervous System Histiocytic and Dendritic Cell Neoplasm*. NCI Thesaurus. Code C92944.

A neoplasm that originates from histiocytes and accessory cells and affects the central nervous system. It is usually associated with the presence of identical tumors outside the central nervous system. Representative examples include Langerhans cell histiocytosis, histiocytic sarcoma, and follicular dendritic cell sarcoma.
