# Dalmatian

National Cancer Institute

## Source

National Cancer Institute. *Dalmatian*. NCI Thesaurus. Code C53852.

The Dalmatian is a symmetrical, muscular medium-sized dog with superior endurance. It has a short, hard, dense coat of pure white with characteristic black or liver colored spots randomly splashed over it. The spots can be black, brown (liver), lemon, dark blue, tri colored, brindled, solid white, or sable. Height: 20-24 inches (50-60 cm.) Weight: about 55 pounds (25 kg.)
