**Potential competing interests:** No potential competing interests to declare.

The topic of the present study is an interesting topic and the paper is generally well written. The objective of the research paper is well addressed in the manuscript.

The literature review has not covered sufficient studies; please put more current studies relevant to the research topic.

Also include the validity of assumptions of regression analysis.

Furthermore, please add some latest studies to support your findings.

This is a good manuscript, and I approve of its publication after fulfilling the above mentioned minor shortcomings.
