

Review of: "Severe Cutaneous Adverse Drugs Reactions: From Causes To Mechanisms"

Javier Sanchez-Bernal

Potential competing interests: The author(s) declared that no potential competing interests exist.

Well written and clear review, without adding news. It would be nice to add a description of the Acute generalized exanthematous pustulosis (AGEP) and Symmetrical Drug-related Intertriginous and Flexural Exanthema (SDRIFE) and a brief description of the treatments of the different reactions.
