Master of Mechanical Engineering

National Cancer Institute

Source

National Cancer Institute. *Master of Mechanical Engineering*. NCI Thesaurus. Code C71372.

A master's degree in mechanical engineering awarded after the completion of a program of one to three years in duration. This acknowledgment comprises about 4-6 years of university study in total with the focus on an engineering discipline that involves the application of principles of physics for analysis, design, manufacturing, and maintenance of mechanical systems.
