Potential competing interests: No potential competing interests to declare.

What is the novelty in your review of reducing non-water revenue in Egypt using GIS?

Try to put the introduction and literature review in your own words. Avoid plagiarism and let us know the current trends in the reduction of non-revenue water and what you want to achieve or improve upon.

How effective is the multi-stage systematic process, the research questions, and your methodology generally?

The abstract needs modification for better research impact. Improve your abstract, methodology, and result discussion.

Improve the analysis, results, and discussion.   Results should be presented with clarity and precision.

Check through, cite, and list all your references properly. Also, endeavor to add and cite recent references between 2022-2024.

Let your conclusions reveal major findings and relate to your objectives and results. Let us know the contribution to knowledge. Check and validate statements in your conclusion.
