Review of: "Interpreting the loss functions of Artificial neural networks in cancer research"

Dr. AMANULLAH M

Potential competing interests: No potential competing interests to declare.

1. The abstract must be re-written

2. The introduction must be elaborated

3. The article structure must be maintain.

4. The proposed work must be described, and how novel it differs from the existing work.

5. Conclusion could be improved, and future scope should be mentioned.

6. I would suggest the authors focus more on experimental work.
