Review of: "Improved Seed Germination Technique for *Prosopis cineraria* (L.) Druce: A Rare Sacred Plant of Hindus"

Zienab Ahmed¹

1. Integrative Agriculture, United Arab Emirates University, United Arab Emirates

The manuscript is well-designed and well-written. Only some comments in the attachment need to be addressed.

- The figures need to be clear with a white background.
- The data labeling is not needed on the graph bars.
- The introduction needs recent citations (I provided some).
