Potential competing interests: No potential competing interests to declare.

Review comments: 1. Collect *Amaranthus viridis* plant by yourself and make its proper identification from experienced Taxonomist. 2. Scientific name of *Amaranthus viridis* must be italic or underlined. 3. Plant material must be air dried to avoid loss of useful constituents. 4. Need high quality figure 5. Need high quality figure 5. ing interests to declare.

Review comments:

1. Collect *Amaranthus viridis* plants by yourself and make its proper identification from an experienced Taxonomist.
2. All scientific names, including *Amaranthus viridis*, must be italicized or underlined.
3. Plant material must be air-dried to avoid the loss of useful constituents.
4. Need a high resolution of figure 5.
5. Why are only these three species of bacteria used? No novelty.
