Academic Integrity in Poland: A Culturally Sensitive Code of Ethics Proposal

I consider it inappropriate to provide the full text of a modern song explaining the Polish national-cultural approach. It is necessary to analyze the song and, on the basis of this, formulate the characteristic features of modern Polish society.

The information presented in Table 1 and the list of documents on Catholic social teaching are partially duplicated. Therefore, it makes sense to present them in one place, for example in Table 1.

The areas of responsibility for student cheating in Polish schools should be more clearly defined.
