Thank you for inviting me to conduct a peer review.

1. The article discusses the Implications of CBDCs on the Destiny of Silicon Valley Bank, but the relationship between the two is not reflected in the introduction.
2. The overall structure of the article lacks strong empirical analysis and does not clearly analyse the causal relationship between CBDCs and SVB collapse.
3. The article does not review the relevant literature and therefore lacks a theoretical basis.

Suggest that the authors revise the introduction and include an empirical analysis.
